The Honorable Gordon Gray
Special Assistant to the President
The White House
Washington, D. C.

Dear Gordon:

With reference to your memorandum of September 26, 1958; subject, "Protection of Intelligence and Intelligence Sources and Methods," I enclose herewith a copy of a letter which I sent Senator Lyndon Johnson, under date of 8 February 1960, which is self-explanatory. As indicated in the letter, I am causing an investigation to be made here in the Agency and have requested Maj. General Robert Breitweiser, representative of the Joint Staff on USIB to initiate steps for an investigation with the Department of Defense, and he has told me that he is doing so.

This letter was read to the members of the USIB at its meeting on 9 February 1960.

Faithfully yours,
